

Accounting Solutions

Income Tax Return Service Provider

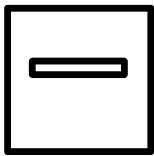

Welcome to the 2023 Tax Season!

We at Accounting Solutions are ready to meet your accounting needs. Please note the following exciting features of our process this year.

We will continue to drop off tax returns in lieu of in person meetings. The drop off option affords us the quality time to analyze every detail of your return to ensure accuracy. While this is the time of year to focus on the paperwork, we look forward to meeting with you during the summer and fall months for return review and planning.

Our convenient drop slot at the back of our building is a secure spot to submit paperwork any time of day. You may also bring the paperwork into the front office if preferred. Be sure to complete the **pink sheet** that includes banking information for where your refund should be deposited.

New this year: we are pleased to offer secure electronic signature! Once the return is processed, a digital copy of the file will be sent to you via email and signed virtually. The traditional method of physically signing a paper copy remains available as well.

Visit our website to access convenient tax organizers for rental properties, small businesses, or general tax items for all filers.

Thank you for your continued support of our tax service. We look forward to working with you again this year. -Jeff Kelchlin
